KRUG

CHAMPAGNE

"Krug correlates with the restaurants' ethos that craftsmanship from start to finish creates a wonderful and harmonious magic. The structure of Krug is so unique, layer upon layer of character that makes it work well with food. For me, it is not just the Champagne you are drinking, you are tasting elegance, craftsmanship, and magic in a glass... and hopefully sharing it with special people at special times!"

- Sonal Clare, **Restaurant Manager**

CORAVIN™

BY THE GLASS

“The Coravin™ System uses technology that keeps the cork in the bottle, where it's been since the bottle was sealed. Pour glasses whenever you like, and know that instead of oxidizing, the remaining wine will continue to age naturally.”

SAKE (70ml/bottle)

“Earlier on in the year we had a VERY generous Sake tasting with one of the UK’s leading Sake importers. We tasted over 15 different Sakes and have chosen a small selection based on more fun, more approachable styles with slightly sweeter and fruitier characteristics, all served chilled, including our favourite, a sparkling Sake, all available by the glass”.
